Vertical Gardening: Grow Up, Not Out, for More Vegetables and Flowers in Much Less Space (Paperback)

By Breth Markham

Createspace, United States, 2013. Paperback. Book Condition: New. 254 x 178 mm. Language: English . Brand New Book ***** Print on Demand *****.The biggest mistake gardeners make each season is starting out too big and then quickly realizing their large plot requires too much weeding, watering, and backbreaking labor. Vertical gardening guarantees a better outcome from the day the trowel hits the soil-by shrinking the amount of floor space needed and focusing on climbing plants that are less prone to insects, diseases, and animal pests. Notable author and gardener Breth Markham has tried and tested thousands of varieties of vegetables, flowers, and fruits and recommends the best plants for space-saving vertical gardening. His grow-up, grow-down system also shows which ground-level plants make good companions underneath and alongside climbing plants. Best of all, many of greatest climbers and mutually beneficial plants are available in seed packets in every local garden center. With a mix of DIY and commercially available string supports, trellises, pergolas, raised beds, skyscraper gardens, and topsy-turvy planters, the vertical garden system reduces work, increases yields, makes harvesting easier, and can be practiced in spaces as small as a container or a one-by-four-foot strip. Vertical Gardening features WITH color...
