# THE MATHEMATICAL TOURIST : Snapshots of Modern Mathematics

By Peterson, Ivars

W H Freeman, New York, NY, 1988. Hard Cover. Book Condition: New. Dust Jacket Condition: New. First Edition, 2nd Printing. BRAND NEW Copy. A tour of the universe of mathematics with science journalist Ivars Peterson as the guide . that means our guide, leading non-mathematicians, is verbal, keen in sight, able to see the beauty of mind and terrain in the excursion. A happy wandering to lands of Compumania in search of the highest prime numbers for the sake of impenetrable computer security systems, Analytica for solutions in mapmaking, Topologia to recontruct surfaces of soap bubbles and film, Fractal Mountains for new vocabulary, and sail the Sea of Numbers in wonder. Fine copy.

Reviews

Absolutely one of the best book I have ever study. It is actually writter in simple terms rather than confusing. I realized this pdf from my dad and i suggested this pdf to understand.
-- Garry Quigley

This is basically the greatest book i have got read through until now. It normally will not expense an excessive amount of. I am just delighted to let you know that here is the greatest book i have got go through within my individual existence and might be he finest book for at any time.
