Physical Laws Of Human Magnetism--Polarity Of The Body--Rules Of Magnetic Action--ApPlying Magnetism In Correct Positions. I have said that the magnetic agent is subject to laws which can be reduced to exact formula. I will not give here the scientific demonstration of this assertion. It will suffice if I present a few indications indispensable to those who will only read this work, and if I set forth the general laws of human magnetism. The magnetic agent offers many points of analogy with the other natural forces, heat, light, electricity and more particularly with the magnetism proper to the lodestone. And the laws which regulate the action of the magnetism of the lodestone are those which regulate the force of physiological magnetism, whatever may be its origin. Moreover, in the time of Paracelsus, when the hermetic philosophers established the theory of the universal...
