Before the American Revolution, tobacco was the most valuable export of British North America and, after sugar, the most valuable British import. This study explores the links between the agrarian economy of 17th and 18th century and the consumers of their tobacco in the British Isles. Book Description: This is the first of three volumes selected from the papers of Jacob M. Price. Focusing on the Atlantic tobacco trade in the 18th century, these studies illustrate the complex business history of this commercial enterprise and demonstrate its key importance in shaping economic relationships between Britain and the emerging American economy. Detailed studies of individual firms such as Buchanan & Simson and Joshua Johnson are well-known as classics of 18th-century business history, and these studies are placed in broader context by Price's seminal characterisations of the scale and structure of the Chesapeake trade. Price detailing the intricacies of the commercial connections between London, Glasgow, and the colonial Chesapeake clearly stand above the pile as this compendium of his essays attests.Scholars of the colonial economy and devotees of the "Chesapeake School" will find this handy collection useful.Price's stature as one of the pioneers of United States economic history has long been assured, and this anthology would grace any historian's bookshelf! The Historian, Vol. 60, No. 3 regarding all three volumes by Price: 'All the essays in these three volumes bear the badge of Price's scholarship. The research behind them is meticulous- broad in scope, profound in depth,...
