Reviews

Without doubt, this is actually the best job by any publisher. It is written in basic phrases instead of difficult to understand. You will like the way the author publishes this publication.

Brand New Book ***** Print on Demand *****.When I was a kid, a friend's wooden glider got lodged into a tree, and I attempted to free it with the toss of a rock. Unfortunately, I had not accounted for the fact that I was standing on an incline, so what I thought was straight up was not. The rock never came close to the glider or even the tree. Instead, it came crashing down on an unintended target, thus shattering two things: the windshield of a Chevy Impala, and the neighborhood record for the most expensive window broken by an eight-year-old. We are all affected by our foundation, whether it is the physical ground on which we stand, or the emotional one on which our well-being is based. As adults, we look for level ground. Better situations. Better people. Better circumstances. But often, it still doesn't feel right. No matter what we do, for some, the ground continues to feel un-level. If you had spent your entire childhood standing on an incline, what are the chances of you knowing how to stand up straight? Given your experience, what feels like level ground might really be a hill. So, by the time you reach adolescence and adulthood, the ground isn't your problem. It's your posture and your perception. And, if you don't realize it, you will continue standing on hills while wondering why everything keeps rolling away. To paraphrase Confucius and Buckaroo Banzai, Wherever we go, there we are. That's the very definition of being stuck. Most people either feel stuck or worry about getting stuck - either fearful of not achieving what they want, or afraid of losing...
